FIELD OPERATIONS MANUAL

Grassroots Elder Care & Case Management Manual: The MSC Ekerenyo Model

Standard Operating Procedures for Ward Volunteers, Community Health Promoters & Social Workers

Author: MSC Programs & Field Operations
Role: Care Coordination Secretariat
Publication Date: August 2024 • Doc Ref: MSC-SOP-2024-02

EXECUTIVE ABSTRACT & SUMMARY

The operational manual utilized by Mwancha Senior Community's 40 ward volunteers. Contains field screening checklists, psychosocial counseling guidelines, safeguarding protocols, and intergenerational referral pathways.

Module 1: Intake & Vulnerability Scoring

Every elder referred to MSC undergoes a standardized 5-point vulnerability assessment evaluating: (a) physical mobility, (b) caregiver availability, (c) nutritional security, (d) shelter integrity, and (e) immediate psychological safety. Field workers must prioritize category 1 and 2 individuals living alone without relatives.

Module 2: Conducting Compassionate Home Visits

Home visits must be conducted with the deepest cultural respect. Volunteers listen attentively without judgment, inspect living quarters for trip hazards or leaking roofs, verify that clean drinking water is accessible, and record any emerging physical symptoms.

Module 3: Psychosocial Fellowship & Healing Circles

Loneliness is a profound contributor to rapid cognitive and physical decline. Group storytelling, barazas in shaded gathering pavilions, and intergenerational youth engagement restore purpose and vital social bonds for isolated seniors.

Module 4: Incident Escalation & Legal Protection

Whenever suspected neglect, sexual violence, or property dispossession is identified, the volunteer must activate the MSC Emergency Protection Protocol within 4 hours, informing the MSC Secretariat and local government authorities simultaneously.

Operational Guidelines & Regulatory References

About Mwancha Senior Community (MSC)

Mwancha Senior Community (MSC), founded in 2016 as Mwancha Home for the Elderly and legally registered under the Societies Act of Kenya, is dedicated to defending the dignity, health, and holistic wellbeing of vulnerable older persons in Kenya.

Through our community care center and network of 40 active ward-based volunteers across Nyamira and Kisii counties, MSC delivers compassionate home check-ins, medical escorts, emergency nutrition, and legal defense against elder abuse and property dispossession.
